THIS IS A FLU VACCINE PATCH. DESIGNED BY RESEARCHERS AT EMORY UNIVERSITY AND THE GEORGIA INSTITUTE OF TECHNOLOGY, THE PATCH IS MADE UP OF 100 MICRO SIZE NEEDLES THAT DISSOLVE INTO THE SKIN. UNLIKE VACCINES ADMINISTERED THROUGH A SYRINGE, THE PATCH ADMINISTERS ITS DOSE OF PROTECTION WITHOUT USING A NEEDLE. IT'S A SAFE VACCINE, AND WE ARE ELIMINATING THE SHARPS, THE BIOHAZARDS BECAUSE IT'S A DISSOLVING PATCH AND IT DOES NOT INCLUDE ANY METAL PART. ALTHOUGH RESEARCHERS HAVE ONLY TESTED THE PATCH ON MICE, THEY SAY IT CAN EASILY BE ADAPTED TO HUMANS. HERE'S THE IDEA. JUST PRESS THE PATCH ON THE SKIN. THE NEEDLES ARE SO SMALL THEY ARE PAINLESS. LEAVE IT FOR 10 MINUTES, AND YOU'VE GOT YOUR FLU VACCINE. THEY DISSOLVE QUICKLY IN THE SKIN, THEY RELEASE THE VACCINE IN A RELIABLE WAY AND THEY GENERATE A GOOD, STRONG IMMUNE RESPONSE. DOCTORS SAY THE PATCH WILL PROBABLY NOT REPLACE THE STANDARD FLU VACCINE, BUT IT COULD BE USED ON CHILDREN AND PEOPLE WHO HAVE A PHOBIA OF NEEDLES. IF FUNDING CONTINUES, RESEARCHERS WILL EVENTUALLY TEST THE PATCH ON HUMANS TO MAKE SURE THE VACCINE IS SAFE AND EFFECTIVE. AND SCIENTISTS SAYS IT COULD BE AT LEAST FIVE YEARS BEFORE THE VACCINE PATCH MAKES IT TO YOUR DOCTOR'S OFFICE.

BLAKE'S CEO SAYS THEY PLAN TO CARE FOR ABOUT 750 TRAUMA PATIENTS ... IN THEIR FIRST YEAR OF OPERATION. WE'VE SPENT A LOT OF TIME LOOKING AT THE NUMBERS OF PATIENTS THE PAYERS MIX OF THAT, AND THEN ON THE OTHER SIDE IS THE SPECIALIST THAT WE'LL HAVE TO BRING IN, THE CARE WE'LL HAVE TO COORDINATE THE EXPENSE OF THAT, AND WE THINK THE BENEFIT IT'S GOING TO BRING TO THE COMMUNITY FAR OUTWEIGHS ANY EXPENSE WE CAN HAVE." BLAKE PLANS TO ADD TWO TRAUMA BAYS ... TO THE EXISTING EMERGENCY ROOM .... AND MODIFY THE HELICOPTER LANDING PAD OUT FRONT. THE RENOVATIONS WILL COST ABOUT 2 AND HALF MILLION DOLLARS. PREGNANT WOMEN MAY JOKE THAT THEY'RE EATING FOR TWO, BUT IN REALITY EXPECTANT MOMS DON'T HAVE A FREE PASS TO EAT EVERYTHING IN SIGHT. THE MARCH OF DIMES RECOMMENDS THE AVERAGE PREGNANT MOM EAT AN EXTRA 300 CALORIES EACH DAY, THAT'S ABOUT ONE CUP OF YOGURT AND AN APPLE. KEEP IN MIND THOUGH THAT CALORIC INTAKE SHOULD BE BASED ON YOUR WEIGHT BEFORE PREGNANCY SO IT'S IMPORTANT TO DEVELOP A PLAN WITH YOUR PROVIDER. THE AMOUNT OF WEIGHT PREGNANT WOMEN SHOULD GAIN IS DETERMINED BY PRE-PREGNANCY WEIGHT AS WELL. WE WOULDN'T LIKE THE MOMS TO GAIN AN AWFUL LOT OF WEIGHT, SO GAINING MORE THAN 20 POUNDS USED TO BE THOUGHT OF AS BAD BUT NOW WE SAY MORE THAN 30 POUNDS IS UNHEALTHY BUT NOT SO MUCH FOR THE BABY, MORE FOR THE MOM." WOMEN WHO GAIN TOO MUCH WEIGHT DURING PREGNANCY ARE AT RISK FOR HAVING AN EARLY OR LARGE BABY IN ADDITION TO DIABETES, HIGH BLOOD PRESSURE AND VARICOSE VEINS.

SANDRA COHEN REFERS TO HERSELF NOT AS A SURVIVOR, BUT A PRE-VIVOR I'M AT A REALLY HIGH RISK FOR GETTING BREAST OR OVARIAN CANCER, RIGHT NOW I'VE NEVER HAD CANCER SO I SURVIVED IT. COHEN HAS A HISTORY OF BREAST CANCER IN HER FAMILY....AND HAS THE BRCA GENE MUTATION...THAT MUTATION MAKES HER MORE LIKELY GET BREAST CANCER SOT//SANDRA COHEN - IT DID FEEL LIKE A TICKING TIME BOMB AND THAT MY TIME WAS RUNNING OUT. SO SANDRA DECIDED TO HAVE HER BREASTS AND HER OVARIES REMOVED EVEN THOUGH SHE'S NEVER BEEN DIAGNOSED WITH CANCER UNTIL I HAD KIDS AND STARTED TO THINK ABOUT WHAT THEIR FUTURE COULD BE I FELT MORE STRONGLY THAT I NEEDED TO TAKE ACTION SO THAT THEY WOULDN'T LIVE IN FEAR SHARYN S/U SOME FRIENDS THOUGHT HER DECISION WAS "RADICAL"...BUT THE NEW STUDY VALIDATES THE CHOICE...SHE AND THOUSANDS OF HEALTHY WOMEN HAVE ALREADY MADE. RESEARCHERS LOOKED AT NEARLY 2500 WOMEN WITH THE BCRA GENETIC MUTATIONS. OF THE 247 WOMEN WHO CHOSE TO UNDERGO PREVENTIVE MASTECTOMIES.. NOT ONE DEVELOPED CANCER. OF THE MORE THAN 900 (939) WHO DECIDED TO PREVENTATIVELY.....HAVE THEIR OVARIES AND TUBES REMOVED... 10 GOT CANCER. COMPARE THAT TO THE 16 HUNDRED WOMEN WHO CHOSE NOT TO UNDERGO ANY SURGERY.. ..98 OF THEM... WERE LATER DIAGNOSED WITH CANCER. KAT KLINE IS LOOKING AT THE NEW STUDY. SHE LEARNED SHE HAS THE BRCA MUTATION AT AGE 23 I'M NOT GOING TO JUMP TO SURGERY AT THIS MOMENT BECAUSE IT' S JUST NOT RIGHT FOR ME. I DON'T KNOW IF I WANT TO HAVE KIDS, I'M 31 AND I NEED TO FIGURE THAT OUT ON MY OWN WITH MY HUSBAND. PERSONAL DECISIONS THOUSANDS OF WOMEN NOW FACE. DOES MARIJUANA REALLY LIVE UP TO ITS REPUTATION AS A SIMPLE WAY TO CONTROL PAIN? "THE REALITY IS MANY PEOPLE DO SMOKE IT AND HAVE SAID THAT THAT HELPS. WE NEED TO EVALUATE THAT. AND THIS IS A SMALL STEP IN THAT DIRECTION." THE STUDY IN THE CANADIAN MEDICAL ASSOCIATION JOURNAL FOLLOWED 21 PEOPLE WHO SUFFER FROM WHAT'S CALLED "NEUROPATHIC PAIN" -- UNEXPLAINED, OFTEN UNTREATABLE PAIN. THEY WERE GIVEN MEDICAL-GRADE MARIJUANA, GROWN IN MANITOBA, AND PUT INTO CAPSULES THAT WERE LIT AND INHALED. RESEARCHERS FOUND THAT COMPARED TO PLACEBO A SINGLE INHALATION OF 25-MILLIGRAMS OF CANNABIS, 3 TIMES A DAY, SIGNIFICANTLY REDUCED INTENSITY OF PAIN, IMPROVED SLEEP AND WAS WELL-TOLERATED. AND MOST PATIENTS SAID THEY DID NOT GET HIGH BECAUSE OF THE LOW DOSE THAT PROVIDED THIS ANALGESIC EFFECT. "WHAT IT WILL DO IS HIGHLIGHT FOR PATIENTS AND PHYSICIANS THE CANNIBINOIDS -- THE ACTIVE INGREDIENTS IN MARIJUANA -- ARE A LEGITIMATE CONTRIBUTION TO PAIN MANAGEMENT AND SHOULD BE CONSIDERED AS ONE OPTION WHEN YOU ARE TRYING TO TREAT CHRONIC PAIN." ONLY HALF OF ALL PATIENTS WITH NEUROPATHIC PAIN GET RELIEF WITH EXISTING MEDICATIONS, SO DOCTORS SAY OTHER TREATMENTS ARE NEEDED. "AT LEAST A MILLION CANADIANS SUFFER FROM NEUROPATHIC PAIN AND ARE DESPERATE FOR NEW, BETTER TREATMENTS. AND FURTHER RESEARCH LIKE THIS SHOULD BE ENCOURAGED." THERE ARE 100,000S AROUND THE WORLD WHO ALREADY RELY ON THIS ANCIENT COMPOUND, LIKE THIS MS PATIENT IN THE UK WHO USES IT IN SPRAY FORM. "YOU DON'T USE THIS TO GET HIGH AND HAVE A GOOD TIME. YOU USE THIS TO HELP PAIN AND FOR YOU TO CARRY ON YOUR LIFE."

WE ALL KNOW BY NOW THAT ADDING LOTS OF VEGETABLES AND FRUITS TO OUR DIET IS A HEALTHY IDEA. BUT NOW RESEARCHERS ARE FINDING THAT FRUITS AND VEGGIES CAN ACTUALLY DECREASE OUR RISK OF GETTING LUNG CANCER, ESPECIALLY IF WE SMOKE. BY USING DATA FROM THE EUROPEAN PROSPECTIVE INVESTIGATION INTO CANCER AND NUTRITION (EPIC) STUDY, RESEARCHERS FROM THE NETHERLANDS LOOKED AT MORE THAN 450-THOUSAND PARTICIPANTS, FOCUSING ON THE 16-HUNDRED WHO WERE DIAGNOSED WITH LUNG CANCER. BY STUDYING THEIR DIETS, SCIENTISTS FOUND, REGARDLESS OF THE AMOUNT, THOSE WHO ATE A VARIETY OF VEGETABLES AND FRUITS SEEMED TO DECREASE

THEIR RISK OF LUNG CANCER; IN PARTICULAR THE RISK OF ONE SPECIFIC TYPE OF LUNG CANCER CALLED SQUAMOUS (SQUAW-MUSS) CELL CARCINOMA, WHICH IS COMMON IN SMOKERS. DOCTORS BELIEVE FRUITS AND VEGETABLES CONTAIN MANY BIO-ACTIVE COMPOUNDS THAT ARE KNOWN TO FIGHT CERTAIN CANCERS. THE STUDY RESULTS ARE PUBLISHED IN THE RECENT JOURNAL OF CANCER EPIDEMIOLOGY, BIOMARKERS & PREVENTION . HOWEVER, EVEN THOUGH THE DATA IS IMPRESSIVE, THE AMERICAN CANCER SOCIETY WARNS THERE IS NO BETTER WAY TO FIGHT LUNG CANCER THAN TO AVOID SMOKING OR TO QUIT THE HABIT COMPLETELY.

WATCHING 21-YEAR-OLD CARL BUHER AT COLLEGE THIS WEEK, IT'S HARD TO IMAGINE WHAT HE'S BEEN THROUGH. ULTIMATELY, I HAVE HAD THREE FINGERS AMPUTATED; I'VE HAD BOTH OF MY FEET AMPUTATED ABOVE THE ANKLE-- I'VE HAD EXTENSIVE SKIN GRAFTS ALL OVER MY BODY. ALL BECAUSE OF A PREVENTABLE ILLNESS HIS FAMILY HAD NEVER EVEN HEARD OF. LORI BUHER - MOM: HE WENT FROM, YOU KNOW, SIX-FOOT-FOUR, 180 POUNDS, TO 130 POUNDS. AND IT WAS-- IT WAS INCREDIBLE. HE WAS JUST 14 AT THE TIME AND A ROCK SOLID FOOTBALL AND BASKETBALL PLAYER WITH NO HEALTH PROBLEMS. IT WAS THE DAY AFTER A FOOTBALL GAME, WHEN HE FELT WHAT SEEMED LIKE A BAD COLD OR FLU COMING ON. I STAYED HOME THE NEXT DAY AND WAS KINDA OUT OF IT AND WAS-- SLEPT MOST OF THE DAY, AND FELT DIZZY, AND DIDN'T REALLY KNOW WHAT WAS GOING ON. WITHIN HOURS HE WAS COVERED IN STRANGE RASH AND GETTING WORSE. HIS MOTHER TOOK HIM TO THE DOCTOR. CARL: AND THEY DID A SPINAL TAP AND CONFIRMED THE DIAGNOSIS OF BACTERIAL MENINGITIS. AND I WAS AIR-- AIRLIFTED TO CHILDREN'S HOSPITAL, IN SEATTLE. MY HEART STOPPED THREE TIMES ON THE HELICOPTER. I HAVE TO HOLD YOU OFF THERE. I MEAN, YOU'RE TALKING ABOUT LYING AROUND LIKE ANY KID WITH THE FLU, TALKING TO YOUR SISTER. AND THEN, WITHIN A MATTER OF HOURS, YOU'RE BEING AIRLIFTED AND YOUR HEART IS STOPPING? CARL BUHER: YEAH. AND THAT'S WHAT HAPPENS. YOU KNOW, I-- I'D NEVER HEARD OF IT, BUT IT WAS JUST SO QUICK.

BACTERIAL MENINGITIS IS RARE-ONLY ABOUT 12-HUNDRED CASES A YEAR-BUT IT CAN BE DEADLY. WHICH IS WHY THE CDC RECOMMENDS A MENINGITIS VACCINATION FOR KIDS RANGING FROM ELEVEN TO 18. PSA'S LIKE THIS ONE ARE NOW RUNNING BECAUSE DOCTORS HAVE FOUND THAT MANY PARENTS AREN'T AWARE. DR. ANNE SCHUCHAT // ASSISTANT SURGEON GENERAL: AT THIS POINT ONLY ABOUT 10% OF TEENS GET THE MENINGITIS VACCINE. IT'S BEEN RECOMMENDED SINCE 2005 AND WE HAVEN'T REACHED THE LEVEL OF COVERAGE THAT WE'D LIKE TO SEE. CARL'S RECOVERY WAS SLOW AND PAINFUL. CARL BUHER: I TELL PEOPLE, WHILE THIS WAS THE WORST THING THAT'S EVER HAPPENED TO ME, IT WAS ALSO THE BEST THING THAT EVER HAPPENED TO ME. BECAUSE IT COMPLETELY CHANGED WHO I WAS AS A PERSON, AND IT'S MADE ME A MUCH BETTER PERSON. HIS MESSAGE TODAY TO ANYONE WHO WILL LISTEN-GET VACCINATED.

HEAVY DRINKING - AT LEAST FOUR DRINKS A DAY -- HAS BEEN LINKED TO ORAL, LIVER, COLON, AND RECTAL CANCERS. EVEN MODERATE DRINKING - AT LEAST ONE A DAY FOR WOMEN -- CAN INCREASE THE RISK OF BREAST CANCER. PHILIP BROOKS: THE RELATIONSHIP BETWEEN ALCOHOL, DRINKING AND CANCER SEEMS TO BE INDEPENDENT OF THE TYPE OF ALCOHOL THAT YOU DRINK. CLAIBORNE: DOESN'T MATTER IF IT'S BEER, WINE, VODKA, RUM. YOU'RE STILL GETTING THE SAME RISK. BROOKS: YEAH. THE ACTUAL MECHANISM BY WHICH ALCOHOL CAUSES CANCER ISN'T FULLY UNDERSTOOD. ONE LEADING THEORY: THE ETHANOL IN LIQUOR METABOLIZES TO ACETALDEHYDE, A KNOWN CARCINOGEN. FOR BREAST CANCER, IT APPEARS TO ALTER ESTROGEN LEVELS. ONE OUT OF THREE PEOPLE WILL SUFFER FROM INSOMNIA AT SOME POINT IN THEIR LIVES. NEW RESEARCH FROM PENN STATE COLLEGE OF MEDICINE FOUND THAT MEN WHO SUFFER FROM INSOMNIA ARE AT AN INCREASED RISK OF DEATH THAN MEN WHO GET

PROPER REST. COMPARED TO MEN WHO SLEPT SIX OR MORE HOURS A NIGHT, MALE CHRONIC INSOMNIACS WERE FOUR TIMES MORE LIKELY TO DIE IN A 14-YEAR PERIOD. PREVIOUS STUDIES HAVE SHOWN THAT INSOMNIA CAN INCREASE RISKS OF TYPE 2 DIABETES AND HYPERTENSION. AND THE CURRENT STUDY SHOWED THAT MEN WERE AT AN EVEN HIGHER RISK OF DEATH IF THEY SUFFERED FROM ONE OF THESE DISEASES ALONG WITH INSOMNIA. THE STUDY INVOLVED 1700 MIDDLE AGED MEN AND WOMEN. FEMALE INSOMNIACS DID NOT SHOW THE SAME ASSOCIATION WITH DEATH, AND RESEARCHERS SAY THE REASON IS UNCLEAR. ALTHOUGH LESS THAN SIX HOURS OF SLEEP WAS USED AS A CUTOFF POINT IN THE STUDY, THE AMERICAN ACADEMY OF SLEEP MEDICINE RECOMMENDS SEVEN TO EIGHT HOURS OF NIGHTLY SLEEP TO FEEL RESTED THE NEXT DAY.

AT A TIME WHEN ECONOMIC HARDSHIP IS TAKING A TOLL ON FAMILIES EVERYWHERE, PUTTING MONEY ASIDE FOR COLLEGE ALMOST SEEMS LIKE AN AMERICAN DREAM ITSELF.

(GRADUATION NATS) UNIVERSITIES AND COLLEGES ARE ALSO FEELING THE FINANCIAL STRAIN. MANY SCHOOLS ARE RAISING TUITION, AND CUTTING BACK ON SCHOLARSHIPS AND SCHOOL PROGRAMS TO TRIM COSTS. BUT THAT'S NOT THE CASE WITH OBERLIN COLLEGE, A LIBERAL ARTS SCHOOL IN OBERLIN OHIO, JUST OUTSIDE OF CLEVELAND. IN THE PAST ACADEMIC YEAR, OBERLIN HAS AWARDED MORE THAN 48 MILLION DOLLARS IN SCHOLARSHIPS, WHICH COMES FROM ENDOWMENTS, GIFTS AND OTHER SOURCES. "I DON'T HAVE TO WAIT TO SEE THE GREAT THINGS THAT WILL COME OUT OF THIS CLASS. IN TRUTH, WE ALREADY ARE DOING BIG THINGS." IN 2001, OBERLIN COLLEGE DEVELOPED A SPECIAL SCHOLARSHIP JUST FOR STUDENTS AT THE LOCAL HIGH SCHOOL. SO, ANY OBERLIN HIGH SCHOOL GRADUATING SENIOR WHO'S ACCEPTED GETS TO GO FOR FREE. "TELL ME HOW MUCH YOU MONEY ARE YOU SAVING BY GOING TO SCHOOL RIGHT HERE IN YOUR HOMETOWN?" "WITH FEDERAL FINANCIAL AID, IT COMES OUT TO ABOUT 45-THOUSAND A YEAR, SO, YEAH." "THAT'S WHAT YOU'RE SAVING. SO, OVER FOUR YEARS, DO THE MATH, THAT'S 180-GRAND, THAT YOU WILL NOT HAVE TO DEAL WITH WHEN YOU GRADUATE." "YEAH." FOR SOME FAMILIES, THIS ONCE IN A LIFETIME OPPORTUNITY MEANS THEIR CHILDREN RECEIVE A COLLEGE EDUCATION THAT THEY OTHERWISE COULDN'T AFFORD, ESPECIALLY FOR FAMILIES LIKE THE GILFETHER'S, WHO HAVE TWO SONS ATTENDING OBERLIN COLLEGE. "I'VE BEEN A SUCCESSFUL HOMEBUILDER/DEVELOPER AND THE, THE, THE HOME BUILDING CRISIS DEVASTATED MY BUSINESS AND I WENT BANKRUPT. SO, IT COULDN'T HAVE COME AT A BETTER TIME FOR OUR FAMILY." "WHEN YOU SEE IT ALL SLIP AWAY AND YOU DON'T KNOW IF IT COULD EVER HAPPEN, AND THEN IT'S MADE POSSIBLE. IT'S A GIFT." "IT'S HUGE. SHE COULDN'T GET THAT ANYWHERE ELSE. SO, UM, WE'RE GRATEFUL FOR THE SCHOLARSHIP. AT LEAST I AM." "ME TOO. 'CUZ I'M PRETTY SURE I WOULD HAVE HAD TO PAY A LOT OF LOANS." DURING THE PAST ACADEMIC YEAR, OBERLIN COLLEGE HAS AWARDED MORE THAN THREE MILLION DOLLARS TO QUALIFYING OBERLIN HIGH SCHOOL STUDENTS. RECIPIENTS OF THE SCHOLARSHIP SAY IT'S A LIFE-CHANGING OPPORTUNITY. "THE FINANCIAL COMPONENT ISN'T NECESSARILY THERE. MY PARENTS DON'T MAKE A TREMENDOUS AMOUNT OF MONEY, AND THINGS LIKE THAT. I FEEL LIKE, FOR ME, THIS IS AN OPPORTUNITY THAT I HAVE TO TAKE AND I HAVE TO DO WELL WITH, BECAUSE I DON'T HAVE A MULLIGAN. I CAN'T DO IT OVER." WITH A GREAT, FREE OPPORTUNITY, RIGHT IN THEIR OWN BACKYARD, WHY ARE SOME OBERLIN HIGH SCHOOL STUDENTS OPTING TO PAY FOR COLLEGE ELSEWHERE? "YOU KNOW THAT, UH, IT'S GONNA BE DIFFICULT. YOU KNOW THAT YOU'RE NOT GOING TO BE FAR AWAY FROM HOME, AND I SAID, 'YEAH, THAT'S TRUE BUT YOU'RE GONNA BE, MAYBE A HUNDRED THOUSAND DOLLARS IN DEBT AT THE END OF THIS, AND I'LL ONLY HAVE WHATEVER ROOM AND BOARD COSTS THERE WERE.'" "I THINK LIKE ANY STUDENT THE CONCERN OF COMING TO COLLEGE IN YOUR NEIGHBORHOOD IS THE FAMILIARITY AND YOU MAY THINK THAT THERE'S SOMETHING BETTER OUT THERE." OBERLIN COLLEGE HOPES TO CONTINUE FINDING WAYS FOR STUDENTS AND FAMILIES TO ATTAIN THE AMERICAN DREAM OF A COLLEGE EDUCATION WITHOUT THE FINANCIAL BURDEN. "TREMENDOUS EFFECT, IN TERMS OF HELPING IMPROVE THE PUBLIC SCHOOLS, IN TERMS OF SENDING A MESSAGE TO THE KIDS. IT'S IMPORTANT TO GO TO SCHOOL, STAY IN SCHOOL, AND IF YOU EXCEL, YOU HAVE THIS OPPORTUNITY FOR A FREE RIDE TO ONE OF THE BEST COLLEGES IN AMERICA."

ONE GROUP RECEIVED TWO TO FIVE TEXT MESSAGES DAILY, PRINTED DIETING ADVICE, AND PERSONAL COUNSELING FOR 16 WEEKS, THE OTHER ONLY RECEIVED HANDOUTS. THE TEXTS FOCUSED ON PORTION CONTROL AND MEAL PLANNING. PARTICIPANTS THAT RECEIVED THE TEXTS LOST FOUR MORE POUNDS THAN THOSE WHO JUST RECEIVED HANDOUTS. CRUISE BOGLE (BEAU-GLE) CAN'T USE HIS ARMS OR LEGS. DIAGNOSED AS A QUADRIPLÉGIC AFTER A SKIM BOARDING ACCIDENT TWO YEARS AGO, HE'S CONFINED TO A WHEELCHAIR. IT'S BEEN DIFFICULT FOR HIM TO GET AROUND. BUT SINCE HE JOINED A CLINICAL TRIAL AT GEORGIA TECH'S AND SHEPHERD CENTER IN ATLANTA, CRUISE CAN NOW CONTROL HIS WHEELCHAIR BY USING HIS TONGUE. KNOWN AS THE TONGUE DRIVE SYSTEM, PARTICIPANTS ARE FIRST TAUGHT TO EXERCISE THEIR TONGUE MOVEMENTS BY USING COMPUTER GAMES. ONCE THEY MASTER THE MOVEMENTS, RESEARCHERS ATTACH A SMALL CHIP TO THE TONGUE. THE MAGNET WORKS LIKE A MOUSE PAD WITH THE TONGUE AS A CURSOR. MOVE THE TONGUE FORWARD AND IT SENDS A WIRELESS SIGNAL TO SIX SENSORS IN A HEADSET THAT CAUSE THE WHEELCHAIR TO MOVE FORWARD. MOVE THE TONGUE BACKWARDS, AND THE CHAIR GOES INTO REVERSE . ONE OF THE MAJOR ADVANTAGES OF THE TONGUE IS THAT IT IS DIRECTLY CONNECTED TO THE BRAIN, SO A PERSON CAN MOVE HIS OR HER TONGUE WITHOUT ANY PROBLEM.UNLIKE OTHER POWER WHEELCHAIRS THAT RELY ON A SIP AND PUFF METHOD, SUCH AS THE ONE USED BY THE LATE CHRISTOPHER REEVE, THIS CHAIR ONLY NEEDS A HEADSET AND TINY CHIP, WHICH IS LESS CONSPICUOUS FOR THE USER.

NOW MEN MAY HAVE AN EXCUSE FOR FORGETTING THINGS. A NEW STUDY OUT FROM THE MAYO CLINIC FINDS THAT MILD COGNITIVE IMPAIRMENT, OR M-C-I, MAY AFFECT MORE MEN THAN WOMEN. M-C-I IS A MEMORY CONDITION THAT HAPPENS EVEN BEFORE THE NORMAL AGING PROCESS THAT LEADS TO DEMENTIA. THE STUDY FOUND THAT M-C-I WAS ONE-POINT-FIVE TIMES HIGHER IN GUYS THAN GALS. RESEARCHERS STUDIED TWO-THOUSAND-FIFTY PEOPLE BETWEEN THE AGES OF 70 TO 89 IN A RURAL COUNTY IN MINNESOTA. ALL WERE INTERVIEWED ABOUT THEIR MEMORY AND THEIR MEDICAL HISTORY AND THEN TESTED ON THEIR THINKING SKILLS. SCIENTISTS FOUND THAT NEARLY 14 PERCENT OF PARTICIPANTS HAD MILD COGNITIVE IMPAIRMENT, ABOUT 10 PERCENT HAD DEMENTIA AND 76 PERCENT OF THOSE TESTED HAD NORMAL MEMORY. A TOTAL OF 19 PERCENT OF MEN HAD MILD COGNITIVE IMPAIRMENT, COMPARED TO 14 PERCENT OF WOMEN. RESEARCHERS SUGGEST THAT THESE RESULTS SHOW GENDER MAY PLAY A ROLE IN THIS DISEASE, BUT

AREN'T SURE EXACTLY HOW. THEY ALSO NOTED THAT MEN MAY EXPERIENCE COGNITIVE DECLINE EARLIER IN LIFE, AND LOSE THEIR MEMORY GRADUALLY, WHEREAS WOMEN MAY TRANSITION FROM NORMAL MEMORY DIRECTLY TO DEMENTIA AT A LATER AGE BUT MORE QUICKLY.

THE STUDY WAS THE LARGEST OF ITS KIND TO ASSESS THE EFFECTS OF VITAMINS B6 AND B12 ON MILD COGNITIVE IMPAIRMENT, THE STAGE BETWEEN NORMAL FORGETFULNESS DUE TO AGING AND THE DEVELOPMENT OF DEMENTIA. B VITAMINS ARE KNOWN TO HELP THE BODY TURN FOOD INTO ENERGY, AND CREATE RED BLOOD CELLS. 168 PEOPLE AGED 70 OR OLDER WITH MILD MEMORY PROBLEMS PARTICIPATED IN THE TWO-YEAR STUDY. HALF THE PARTICIPANTS WERE GIVEN A STRONG DOSE OF B VITAMINS AND FOLIC ACID; THE OTHER HALF WERE GIVEN PLACEBOS. MRI TECHNOLOGY WAS THEN USED TO MEASURE THE RATE OF BRAIN SHRINKAGE. RESEARCHERS SAY THE PRESCRIBED DOSAGE WAS 300 TIMES THE

RECOMMENDED DAILY INTAKE OF THE SUPPLEMENT B12 AND 15 TIMES THAT OF B6.  
BECAUSE OF THIS, AUTHORS CALLED THE PILL A DRUG, NOT A VITAMIN INTERVENTION.

A MICROWAVE IS A SAVIOR WHEN WE'RE TIME CRUNCHED AND STARVED. BUT DO MICROWAVE RAYS ZAP IMPORTANT NUTRIENTS FROM OUR MEALS? SOME NUTRIENTS DO BREAK DOWN WHEN THEY'RE EXPOSED TO HEAT, BUT THAT HAPPENS WHETHER YOU USE A MICROWAVE OR AN OVEN. SURPRISINGLY, MICROWAVES PROBABLY DO A BETTER JOB OF

PRESERVING NUTRIENTS BECAUSE COOKING TIMES ARE SHORTER. 1 HOWEVER, FOOD COOKS LESS EVENLY IN A MICROWAVE THAN AN OVEN. SO IT'S IMPORTANT TO USE A FOOD THERMOMETER. TEST FOOD TO INSURE IT'S REACHED THE RECOMMENDED TEMPERATURE TO DESTROY BACTERIA. 2 WHEN IT COMES TO VEGETABLES, NO MATTER WHERE YOU COOK THEM, USE JUST A LITTLE WATER; OTHERWISE NUTRIENTS WILL LEACH OUT INTO THE WATER DURING COOKING. FOR EXAMPLE, BOILED BROCCOLI LOSES A COMPOUND THAT AS PART OF A HEALTHY DIET AND EXERCISE PROGRAM MAY HELP IN CANCER PREVENTION. STEAM YOUR BROCCOLI INSTEAD, AND MORE OF THOSE VITAMINS AND MINERALS WILL END UP ON YOUR DINNER PLATE. 1 SO GO AHEAD, ZAP AWAY. IT MAY EVEN GIVE YOU A NUTRITIONAL ADVANTAGE!

LASIK SURGERY PROMISES A CHANCE AT 20/20 VISION. BUT A FORMER FDA OFFICIAL SAYS HINDSIGHT IS WHAT'S REALLY 20/20. "KNOWING WHAT YOU KNOW NOW, WOULD YOU EVER RECOMMEND LASIK TO SOMEBODY YOU CARE ABOUT?" "NO ABSOLUTELY NOT." \*\*DOCTOR

MORRIS WAXLER WAS PART OF THE FDA TEAM THAT GREENLIGHTED LASIK SURGERY IN 1995. BUT THEN HE SAYS HE STARTED HEARING ABOUT DEVASTATING SIDE EFFECTS. SO TODAY HE ASKED HIS FORMER EMPLOYER TO ISSUE STRONG WARNINGS ABOUT LASIK. "I THINK PEOPLE DON'T UNDERSTAND THIS IS NOT LIKE GETTING YOUR NAILS DONE. IT'S NOT LIKE GETTING A CURLER IN YOUR HAIR." IN LASIK, A THIN FLAP OF THE OUTER CORNEA IS LIFTED OUT OF THE WAY. THEN A LASER FLATTENS THE INNER CORNEA. CRITICS SAY THAT COMPROMISED CORNEA CAN DEVELOP MICROSCOPIC SCAR TISSUE AND CAUSE VISION PROBLEMS. "HERE'S WHAT I LOOK LIKE TO SOMEBODY WITH NORMAL EYES. / NOW HERE'S THE HALO EFFECT THAT MANY LASIK PATIENTS SEE. / STARBURSTS LIKE THIS ARE ANOTHER COMMON SIDE EFFECT. / WORST OF ALL, SOME LASIK PATIENTS ACTUALLY EXPERIENCE BLURRED VISION." \*\*ACCORDING TO WAXLER'S ANALYSIS OF FDA DATA, HALF OF LASIK PATIENTS EXPERIENCE SIDE EFFECTS AND MORE THAN A THIRD CONTINUE TO NEED GLASSES OR CONTACTS. "MY VISION FLUCTUATES VERY FREQUENTLY AND I HAVE TO HAVE NEW GLASSES CONSTANTLY." \*\*THE INDUSTRY COUNTERS THAT MOST LASIK SIDE EFFECTS ARE MINOR OR TEMPORARY AND THAT COMPLICATIONS ARE MUCH LOWER WITH TODAY'S MODERN LASIK. NEVERTHELESS, THE FDA IS NOW REVIEWING THE PROCEDURE.

MOST OF US LEAD BUSY LIVES AND CHANCES ARE THAT SOMETIMES, YOU HAVE TO EAT ON THE RUN -- AND IN AMERICA -- THAT MEANS FAST FOOD. BUT HOW DO YOU DO IT AND STAY HEALTHY? WELL WE BROUGHT IN DR. ALLEN DOLLAR FROM EMORY UNIVERSITY AND CHIEF CARDIOLOGIST AT GRADY. I MEAN, THIS IS A PLACE WHERE MILLIONS OF AMERICANS EAT EVERYDAY BECAUSE WE HAVE TO. SO WHAT KINDS OF THINGS COULD YOU EAT IN A PLACE LIKE THIS? WELL YOU COULD LOOK AT THINGS LIKE FRESH FRUITS, SALADS. WHEN YOU TALK ABOUT SALADS, WHAT ABOUT ALL THAT FRIED CHICKEN YOU PUT ON THERE? WELL THE FRIED CHICKEN'S A LITTLE BIT OF A PROBLEM BUT TO BE HONEST WITH YOU THE BIGGEST PROBLEM IS DRESSING SO WHEN YOU ASK FOR DRESSING YOU WANT TO ASK FOR THE LOW CALORIE VERSION. IS THERE REALLY ANY DIFFERENCE BETWEEN GETTING A BURGER OR GOING FOR GRILLED CHICKEN? PROBABLY THE AMOUNT OF FAT AND THE TYPE

OF FAT IN POULTRY IS A LITTLE BIT HEALTHIER. BUT AGAIN A LOT OF THESE CHOICES HAVE TO DO WITH THE NUMBER OF CALORIES. SO IF YOU ARE GOING TO GET A HAMBURGER YOU MIGHT WANT TO LEAVE OFF HALF THE BUN. FRENCH FRIES ARE ONE OF THOSE FOODS THAT HAVE A LOT OF CALORIES AND NOT A LOT OF NUTRITIONAL VALUE. SO I'D RECOMMEND EITHER NOT GETTING THEM OR SHARING THEM WITH A FRIEND. SO WE'RE TALKING A LOT ABOUT FOOD. BUT WHAT ABOUT WHAT YOU DRINK? MY RULE OF THUMB IS THAT IN GENERAL, MOST OF YOUR BEVERAGES SHOULDN'T HAVE CALORIES. YOU CAN MAKE CHOICES FOR A DIET SODA, BUT REGULAR SODAS ARE JUST LOADED WITH SUGAR AS ARE FRUIT JUICES ACTUALLY. LOOK FOR THINGS THAT ARE LESS PROCESSED. VEGETABLES, MAYBE A BAKED POTATO. HUMAN BEINGS HAVE A PREDILECTION FOR SUGAR, FAT AND SALT. AND THE MORE SUGAR, FAT AND SALT THAT THEY CAN PUT INTO A PRODUCT THE MORE PEOPLE WILL BUY THEM SO THERE'S NOT A LOT OF INCENTIVE TO SELL HEALTHY FOODS UNLESS CUSTOMERS DEMAND IT FOR HEALTH REASONS. THIS MAY ALL SEEM LIKE COMFORT FOOD BUT IT'S GOING TO FEEL UNCOMFORTABLE IF YOU END UP WITH EXTRA POUNDS .
